The sailors' words : their feelings

Mitch Booth

"The excitement never stop! this will be my 10th year with the Hobie Pro team and I am proud to sail for the leading beach cat producer in the World. This season will provide many challenges particularly in the ever growing F18 racing. Hobie have maintained the true beach cat spirit throughout the years and I look forward to flying the flag high."

Pim Nieuwenhuis

"I am looking forward to the 2010 season, which will be my 4th season for Hobie Cat and the 2nd season on the Wild Cat. After a winter full of (watching) big multihulls, its now time for the small cats again! The line up for this season will be stronger than ever, and we are motivate to score top finishes at the major events! It's gonna be exciting with plenty of good teams using different f18's, and a good fleet of Wild Cat's. Who will be the fastest/smartest/best prepared? Warming up will be in Carnac, with the all important World Championships in the middle of summer in Erquy!"

Kinou (JC Mourniac)

"2009 was a great season with the launching of the Hobie Wild Cat. We look forward to even a greater success this season with very ambitious objectives at the F18 World Championship in Erquy. We are still and ever proud to represent the Hobie Cat Europe factory on the best watersport locations in the world."

Alex Guyader

"It will once again be a great fun to sail the Hobie Wild Cat This year the world championship is in France et we will make a point to fly the flag high."

The sailors' words : their feelings

Billy Besson

«For me to join the Hobie Cat Pro Team is a return to the origins of my sailor's life, because I began catamaran sailing on Hobie Cat 16. So I am very excited to be part of the team. I expect sailing the Hobie Wild Cat will be much pleasure and fun and then for the competition we will see on the spot...»

Glenn Ashby

«This year ahead will be a great challenge and I am looking forward to some great racing and continuing sailing with Hobie on the Wildcat. This year James Spithill and I have teamed up to do some regattas and hope we can continue to build from the Americas cup success earlier in the year. Although the racing will be different than the time we spent with the AC 90 trimaran, the level will be extremely high and demanding with many great teams to compete against in the F18 class. I am really looking forward to an exciting season ahead!»

Gosche

«It is a pleasure to be part of the Hobie community and a great honour to join this fantastic team. After many years of successful racing on the still very competitive Hobie Tiger, I believe, that the high innovative Wildcat is another milestone in the Formula 18 class and the world of small cats in all. It is exciting and big fun for us to push this new design to the limits.»
